This Week's Signals

Third Coast Electric Inc.

CONF 10/10

Royal Oak, MI · Electrical · Hiring 2

CROSS-REFERENCED

HIRING ROLES

Journeyman Electrician, Apprentice Electrician

PREDICTED PROCUREMENT NEEDS

- Hand tools (wrenches, screwdrivers, pliers, wire strippers)
- Power tools (drills, impact drivers, reciprocating saws)
- Ladders and scaffolding
- Electrical testing equipment (multimeters, voltage testers)
- Wire and cable
- Conduit and fittings
- Junction boxes and enclosures
- Circuit breakers and fuses
- Safety equipment (gloves, safety glasses, hard hats)
- Vehicle maintenance for company vehicles
- Consumable supplies (tape, wire nuts, lubricants)

RECOMMENDED PITCH

HIGH CONFIDENCE: Third Coast Electric Inc. appears in BOTH hiring AND expansion news. Given your simultaneous hiring for both Journeyman and Apprentice Electricians, it's clear you're expanding operations. We can help streamline your tool and supply procurement to ensure your new hires are fully equipped from day one, minimizing downtime and maximizing productivity.

SOURCE

HIRING ROLES

Journeyman Electrician, Traveling Journeyman Electrician Data Collector

PREDICTED PROCUREMENT NEEDS

- New or expanded office space/facilities
- Increased vehicle fleet (vans, trucks) for traveling electricians
- Bulk purchase of electrical tools and testing equipment (multimeters, voltage testers, conduit benders, etc.)
- Personal Protective Equipment (PPE) for 350 new hires (hard hats, safety glasses, work boots, gloves, harnesses)
- Mobile data collection devices (tablets, rugged smartphones) with associated software licenses
- Communication equipment (radios, cell phones) for field teams
- Training materials and onboarding resources for new hires
- Increased demand for electrical materials (wire, conduit, junction boxes, breakers) for potential projects
- Fleet management and maintenance services
- Software for project management, scheduling, and time tracking

RECOMMENDED PITCH

Given your significant hiring across multiple electrical roles, it's clear you're scaling operations. We can equip your new and expanding teams with the essential tools and technology to ensure immediate productivity and seamless data collection, minimizing downtime during this critical growth phase.

SOURCE

<https://www.indeed.com/q-journeyman-electrician-l-detroit,-mi-jobs.html>

HIRING ROLES

Industrial Electrician, Journeyman Electrician, Master Electrician

PREDICTED PROCUREMENT NEEDS

- High-volume purchases of specialized electrical tools and testing equipment (e.g., multimeters, clamp meters, insulation testers, conduit benders, wire strippers).
- Bulk orders of electrical supplies such as conduit, wire, junction boxes, circuit breakers, outlets, and switches.
- Potential need for portable generators or temporary power solutions if the hiring surge is for a new site or expansion.
- Contracts for safety equipment and personal protective equipment (PPE) for a large influx of new hires.
- Service contracts for calibration and maintenance of specialized electrical testing equipment.
- Possible need for additional vehicle leases or purchases for field service teams.
- Training materials and potentially external training services for onboarding new electricians, especially if there's a mix of skill levels.

RECOMMENDED PITCH

Given your significant hiring across multiple electrician roles, it's clear you're scaling operations, likely for a new facility or major project. We can provide the high-volume, specialized tools and supplies you'll need to equip your new teams efficiently, ensuring they can hit the ground running and meet project deadlines.

HIRING ROLES

HVAC Technician, HVAC Service Technician, HVAC Installer, Refrigeration Technician

PREDICTED PROCUREMENT NEEDS

- Refrigerant recovery machines
- Vacuum pumps
- Refrigerant leak detectors
- Manifold gauge sets
- Tool kits (including specialized HVAC tools)
- Personal Protective Equipment (PPE) for technicians
- Vehicle upfitting/toolboxes for new hires
- Training materials and certifications for new technicians
- Software for scheduling and work order management
- Bulk orders of common HVAC components (filters, belts, capacitors)
- Service contracts for diagnostic equipment maintenance
- New or leased company vehicles

RECOMMENDED PITCH

With Indeed's significant hiring across multiple HVAC trades, they are clearly expanding their service capabilities. Focus on how your solutions can efficiently equip and support their growing team to ensure immediate operational readiness and project success.

SOURCE

<https://www.indeed.com/q-hvac-technician-l-detroit,-mi-jobs.html>

HIRING ROLES

HVAC Technician, HVAC Installer, Refrigeration Technician, Commercial Journeyman HVAC / Sheetmetal Installer

PREDICTED PROCUREMENT NEEDS

- Bulk purchase of HVAC tools and diagnostic equipment (e.g., manifold gauges, vacuum pumps, refrigerant recovery machines, multimeters, leak detectors)
- Large quantities of common HVAC supplies (e.g., copper tubing, fittings, insulation, ductwork materials, fasteners, sealants)
- Fleet vehicles for technicians and installers (vans, trucks)
- Safety equipment (e.g., harnesses, fall protection, personal protective equipment)
- Refrigerant inventory (various types)
- Software for scheduling, dispatch, and inventory management
- Training and certification programs for new hires
- Potential for new service contracts or expansion of existing ones with equipment manufacturers or distributors

RECOMMENDED PITCH

Given your significant hiring across multiple HVAC trades, it's clear you're scaling operations. We can help streamline your equipment and supply procurement to ensure your new teams are fully equipped and operational from day one, minimizing downtime and maximizing efficiency.

Third Coast Electric Inc.

CONF 8/10

Royal Oak, MI · Electrical · Hiring 2

HIRING ROLES

Journeyman Electrician, Apprentice Electrician

PREDICTED PROCUREMENT NEEDS

- New or expanded electrical service contracts (e.g., for new installations, maintenance of new equipment)
- Additional power tools and hand tools for new electricians
- Safety equipment (PPE) for new hires
- Vehicle maintenance or lease for new field personnel
- Consumable electrical supplies (wire, conduit, fittings, breakers) for new projects

RECOMMENDED PITCH

As Third Coast Electric Inc. expands its team with both Journeyman and Apprentice Electricians, you're likely gearing up for new projects and increased operational capacity. We can help streamline your supply chain for essential tools, safety gear, and consumables to ensure your new hires are productive from day one.

Precision Jig & Fixture

CONF 7/10

Rockford, MI · CNC/Machining · Hiring 1

HIRING ROLES

3 or 5-Axis CNC Programmer/ Machinist

PREDICTED PROCUREMENT NEEDS

- New 3 or 5-Axis CNC Machine (if they are expanding capacity)
- Upgraded CAM software licenses or subscriptions
- Specialized cutting tools and inserts for 3 and 5-axis machining
- High-quality workholding solutions (e.g., vises, chucks, custom fixtures)
- Inspection equipment (e.g., CMM, precision measuring tools)
- Tooling management system
- Operator training for new equipment or software

RECOMMENDED PITCH

Given your expansion into 3 and 5-axis CNC roles, we can help you optimize your cutting tool inventory and reduce lead times for critical components. Our solutions are designed to enhance productivity and precision on advanced machining platforms like yours.

SOURCE

HIRING ROLES

Residential New Construction HVAC Installer

PREDICTED PROCUREMENT NEEDS

- New HVAC units (furnaces, air conditioners, heat pumps) for residential new construction
- Ductwork materials (sheet metal, insulation, hangers)
- Refrigerant and associated tools
- Electrical supplies (wire, conduit, breakers)
- Tools and safety equipment for HVAC installation (drills, impact drivers, multimeters, safety harnesses)
- Vehicle maintenance and fuel for company vehicles
- Potential for a new service contract for warranty or maintenance on newly installed units

RECOMMENDED PITCH

Given your focus on residential new construction, we can provide reliable, high-efficiency HVAC systems that meet builder timelines and homeowner expectations. Our comprehensive installation support and extended warranties will ensure your projects run smoothly and your clients are satisfied.

SOURCE

<https://www.indeed.com/q-hvac-installer-l-michigan-jobs.html>

HIRING ROLES

Journeyman Electrician, Supervisory Level Electrician

PREDICTED PROCUREMENT NEEDS

- New electrical tools and testing equipment (e.g., multimeters, voltage testers, conduit benders, wire strippers)
- Personal Protective Equipment (PPE) for electricians (e.g., safety glasses, gloves, hard hats, arc flash suits)
- Consumable electrical supplies (e.g., wire, conduit, junction boxes, breakers, connectors)
- Vehicle maintenance or leasing for new hires
- Potential for new job site trailers or temporary power solutions if expansion is significant

RECOMMENDED PITCH

Given your hiring for both Journeyman and Supervisory Electricians, it's clear you're scaling operations. We can help ensure your new teams are fully equipped with the latest, most reliable tools and safety gear, minimizing downtime and maximizing productivity from day one.

City of Dearborn

CONF 6/10

Dearborn, MI · Boiler/Pressure · Hiring 1

CROSS-REFERENCED

HIRING ROLES

High Pressure Boiler & Chiller Operator

PREDICTED PROCUREMENT NEEDS

- Preventative maintenance services for boilers and chillers
- Replacement parts for high-pressure boilers and chillers (e.g., gaskets, seals, valves, sensors)
- Water treatment chemicals and services for boiler and chiller systems
- Specialized tools and diagnostic equipment for boiler and chiller maintenance
- Safety equipment and personal protective equipment (PPE) for boiler operators

RECOMMENDED PITCH

HIGH CONFIDENCE: City of Dearborn appears in BOTH hiring AND expansion news. Focus on how your services or products can ensure the reliable and efficient operation of their critical high-pressure boiler and chiller systems. Highlight your expertise in preventative maintenance and rapid response for potential downtime, minimizing operational disruptions for the City of Dearborn.

Industrial Trade Services

CONF 6/10

Detroit, MI · Electrical · Hiring 1

CROSS-REFERENCED

HIRING ROLES

Licensed Electrician

PREDICTED PROCUREMENT NEEDS

- Electrical testing equipment (e.g., multimeters, clamp meters, insulation testers)
- Hand tools and power tools specific to electrical work (e.g., wire strippers, crimpers, drills)
- Electrical supplies (e.g., wire, conduit, junction boxes, breakers, outlets, switches)
- Personal protective equipment (PPE) for electricians (e.g., gloves, safety glasses, hard hats)
- Vehicle maintenance or a new work van if the single hire implies increased service calls

RECOMMENDED PITCH

HIGH CONFIDENCE: Industrial Trade Services appears in BOTH hiring AND expansion news. As Industrial Trade Services expands its electrical capabilities, focus on how your solutions can enhance efficiency and safety for their new Licensed Electrician. Highlight cost-effective tools and supplies that will directly support their immediate project needs and reduce downtime.
