CONF 8/10

Detroit, MI · Electrical · Hiring 590

HIRING ROLES

Industrial Electrician, Journeyperson Electrician, Master Electrician

PREDICTED PROCUREMENT NEEDS (top 5)

- High-volume purchases of specialized electrical tools and testing equipment (e.g., multimeters, clamp meters, insulation testers, conduit benders, wire strippers).
- Bulk orders of electrical supplies such as conduit, wire, junction boxes, circuit breakers, outlets, and switches.
- Potential need for portable generators or temporary power solutions if the hiring surge is for a new site or expansion.
- Contracts for safety equipment and personal protective equipment (PPE) for a large influx of new hires.
- Service contracts for calibration and maintenance of specialized electrical testing equipment.

RECOMMENDED PITCH

Given your significant hiring across multiple electrician roles, it's clear you're scaling operations, likely for a new facility or major project. We can provide the high-volume, specialized tools ...
